## CHARGING TRICKERY

### Policy Holders Ask Legal Action.

#### Superintendent Kelsey Is Appealed to Against New York Life.

#### Declare Ballot Is Fixed so Administration Ticket Has Cinch.

#### Louis Marshall Denounces President Orr in Scathing Terms.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 18.—[Exclusive Dispatch.] Charging trickery and fraud in the election of the New York Life Insurance Company, the International Policy Holders Committee yesterday called Otto Kelsey, State Superintendent of Insurance, to immediately institute criminal proceedings against those alleged to be guilty.

#### THE LETTER.

The following message was sent by wire to the head of the insurance department:

"In connection with flagrant violations by the New York Life Insurance Company of Section 94 of the insurance law, we direct your attention to Section 53 of the New York insurance law. Any corporation or person violating any provision of the insurance law, except where such violation is prohibited for such violation, be guilty of a misdemeanor.

"We request that you immediately institute criminal proceedings against the persons who have rendered themselves liable to the criminal penalties of the law, acting as agents of the New York Life Insurance Company.

"We will be pleased to furnish you with the names of a number of these agents, both in this State and elsewhere, together with evidence of their criminal violation of the law."

#### DENUNCIATION OF ORR.

Besides this arrangement of the officers of the company as a body, Louis Marshall, writing as a policy holder and addressing Alexander E. Orr, president of the New York Life, as an individual, denounced Orr in scathing terms. After stating in detail the contents of the stamped envelope which had been sent to him by "M. D. Herron," who signs himself an agent of the New York Life, Marshall declares that the ballot he received is the official ballot prescribed by law, and that it is significant because the names of the nominees of the International Committee, which appear on an official statement, had been stricken out in ink, and because there had been written into it the number of the policy which Marshall holds in the New York.

#### ARMY OF THE CUMBERLAND.

CHATTANOOGA (Tenn.) Oct. 18.—The Army of the Cumberland today relieved all the old officers except that Gen. E. A. Cavan was chosen treasurer, vice Gen. Frank C. Smith.

#### TOWN BOOMER ABSCOND.

Leaves Ruined Nevada Settlement to His Creditors—Prosecution Is Threatened.

(BY DIRECT WIRE TO THE TIMES.)

RENO, Oct. 18.—[Exclusive Dispatch.] Monarch, a "busted" Southern Nevada boom town of Rev. Bernard Blanchard, is only an unpleasant memory with liabilities piling up to \$75,000.

Creditors have seized every stick that represents value, and Blanchard, who intended to run special trains into Nevada loaded with victims, cannot be located. If he can be found he will be prosecuted criminally.

#### THIRTY NURSES POISONED.

(BY DIRECT WIRE TO THE TIMES.)

DES MOINES (Iowa) Oct. 18.—[Exclusive Dispatch.] Thirty nurses and interns at the Iowa Methodist Hospital were taken seriously ill today from poisoning. Some are in critical condition.

It is thought poison was eaten in gooseberry pie. The hospital authorities have ordered a general investigation. Indications lead to suspicion of foul play.

#### WADS OF \$100 HIS MISSILES.

(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS, Oct. 18.—[Exclusive Dispatch.] Mrs. Fannie Emerson, wife of A. A. Emerson, the St. Louis capitalist, testified in her divorce suit today that before their domestic troubles began Emerson had a playful habit of petting her with \$20 and \$100 bills rolled into wads.

He wanted her, she said, to wear the finest dresses and outshine neighbors and friends. She said her husband got home as late as 5 o'clock in the morning and was very noisy.

#### OFFERS RICHES IN ONE NIGHT.

#### THEREBY PROMISES FINDS HIMSELF IN PRISON.

Detective Arrests Owner of "Daily Market Forecast" for Using Mails to Defraud—Hundreds Were Victims of Shrewd Get-Rich-Quick Advertiser—Falls to Get Bail.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Oct. 18.—[Exclusive Dispatch.] Hundreds of persons living in Chicago and other parts of the United States have received personal letters with the information that "Millionaires are made over night," and still further promises concerning the manner in which this is brought about. As a result of the flooding of the mails with this literature, N. C. Collins, alias Harris Gates, proprietor of the "Daily Market Forecast," No. 433 Marquette Building, was arrested today on a warrant charging the use of the mails to promote a fraudulent scheme. He obtained a continuance of his hearing before United States Commissioner Foote until October 27, but he was unable to furnish bail in the sum of \$3,000 and was taken to the County Jail.

Collins' arrest follows a long investigation. Postoffice Inspectors Sharon has been on the trail of the advertiser of the "Daily Market Forecast," which has been sent to persons wishing to invest from \$5 to \$40 for the daily reports. It promised to furnish tips on big moves which are "soon to come" in Wall street and the Chicago Board of Trade.

The literature sent out urged that all investors need only to pin their faith to the Market Forecast and their wealth would be assured. This new system of getting rich quick is said to have been spread over a vast territory and thousands of persons have subscribed to it.

C. A. Delaney, No. 4801 Wabash avenue, was one of the men who invested. He received no returns and finally complained to Chief Inspector Stuart. Inspector Sharon found that Collins really was the "Daily Market Forecast" and obtained a warrant for his arrest.

#### DEDICATES FIRST CHURCH.

Adults and Children Are Confirmed by Bishop at the Initial Ceremony.

(BY DIRECT WIRE TO THE TIMES.)

RENO (Nev.) Oct. 18.—[Exclusive Dispatch.] The first church in Southern Nevada has been dedicated by Catholic Bishop Grace of Sacramento. Elaborate and interesting services characterized the event. Twenty-five children and five adults received the sacrament of confirmation after the edifice had been dedicated and blessed by Bishop Grace.

Father Dermody has worked for over a year to secure the erection of this building, which completed, cost \$15,000.

#### RETURNS UNEXPECTEDLY.

After Two Mysterious Disappearances Champion Swimmer Reaches Her Home.

(BY DIRECT WIRE TO THE TIMES.)

DENVER (Colo.) Oct. 18.—[Exclusive Dispatch.] Mrs. Pearl Allen, champion woman swimmer, who has been seen in many exhibitions at Colorado Beach and elsewhere in California, has returned to her home in this city after two mysterious disappearances.

She was in San Francisco when the disaster occurred, in that city. She became ill as a result of her experience and when she recovered disappeared from a hospital here and was next heard from in Chicago. Before she could be reached there she disappeared again, reappearing in New York City, again ill in a hospital. She cannot account for her strange illness. She has regained her health, apparently.

#### FOR FEEDERS AND BREEDERS.

New Two-Hundred-Thousand-Dollar Building Will Be Erected at Fort Worth Tex.

(BY DIRECT WIRE TO THE TIMES.)

FT. WORTH (Tex.) Oct. 18.—[Exclusive Dispatch.] The announcement was made by Stanton Palmer of Chicago, representing the Chicago packing houses interested in the Ft. Worth stockyards and market, that the proposition regarding the erection of a \$200,000 building for the National Feeders and Breeders Association, has been accepted. He assured the Ft. Worth Board of Trade that the work on the great building will commence at once.

#### FRANCE NEEDING A LOAN.

PARIS, Oct. 18.—The Budget Committee has reduced final figures of this year's budget from \$22,700,000 to \$22,400,000. This will necessitate a loan of \$14,000,000.

## HURRICANE IN CUBA SWEEPS TO FLORIDA.

### After Raging in Vicinity of Havana It Passes to the Bermudas.

#### Wireless Reports to St. Augustine Announce Great Damage in the Island Capital—Wind Strikes Key West and Sand Key at Seventy-two Miles an Hour. Terrible Destruction at Miami.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, Oct. 18.—The tropical hurricane which swept over Cuba, breaking cable communication and passing on the southern and eastern coast of Florida, cut off communication south of Jacksonville and flooded various places in its course.

Tonight, it is apparently safe away from land and heading toward the Bermuda Islands and the ocean beyond.

The storm swept with terrific force, but its path was hardly more than seventy miles in width. It raged last night in Havana, leveling the inland wires in that neighborhood; passed over the west end of Cuba, its vortex crossing Sand Key and Key West with winds blowing at least seventy-two miles an hour; touched the east coast of the peninsula, and swept on toward the ocean.

The Weather Bureau announced that the storm has evidently passed eastward through the Florida Straits and is now over the Atlantic Ocean some distance east of the Georgia coast.

So far as reports from the land weather stations show, there are no dangerous winds tonight along the immediate coast and adjacent territory. Storm warnings, however, are displayed all along the Atlantic Coast, from Florida to Cape Cod.

#### WIRELESS CALLS FAIL.

(BY THE ASSOCIATED PRESS—P.M.)

NEW ORLEANS, Oct. 18.—Efforts tonight to reach Key West, Fla., by wireless from here brought no result. Key West replied to wireless calls last night.

WASHINGTON, Oct. 18.—[Exclusive Dispatch.] The Navy Department is without advice as to whether the storm damaged in any manner the large number of American warships now in Cuban waters. The recent inquiries to several warships at Pinar del Rio, which were on shore by the storm, have not yet been received.

Although the Navy Department received no word of any damage done to naval warships in Cuban waters, it is anxiously awaiting news.

The list of vessels includes the cruisers Minneapolis, Prairie, Denver and Brooklyn; the battleship Texas, the supply ship Celtic, the collier Leonidas at Havana and the cruiser Newark, on her way to that port from Guantanamo. The cruiser Cleveland is at Cienfuegos, and the cruiser Des Moines and Tacoma and the collier Hannibal are at Manzanillo.

#### PASSED OUT TO SEA.

Prof. Henry of the Weather Bureau tonight stated that the storm which swept over Cuba last night has now swept out to sea and need not be feared in the United States. It is his opinion that the storm is now central somewhere about the Bahamas, and that its force has been largely spent.

No high wind is reported along the South Atlantic Coast. Communication with coast towns in Florida has been cut off. Telegraphic communication with Havana has been interrupted.

The Quartermaster's Department of the army received a number of messages from Havana up to noon today, but none since that time.

#### GREAT DAMAGE IN HAVANA.

SANTIAGO CUT OFF.

(BY THE ASSOCIATED PRESS—P.M.)

SANTIAGO (Cuba) Oct. 18.—Telegraphic communication with Havana is interrupted. Every effort to get word from the capital has proved fruitless. Neither the land lines nor the coastwise cable are in operation. There has been no storm here, and the cyclone which has broken communication with Havana evidently was part of the great storm which swept over Cuba.

#### ST. AUGUSTINE'S ADVICES.

(BY THE ASSOCIATED PRESS—P.M.)

ST. AUGUSTINE (Fla.) Oct. 18.—Frequent messages have been received at the wireless telegraph station here today, giving the progress of a severe hurricane which swept from Cuba to Florida.

Early this morning, the storm was reported in the vicinity of Havana, doing great damage there, but details are lacking. Later, the storm reached Key West, blowing down small houses and trees. As the day wore on, the storm reached Jupiter, where, it is said, the wind blew seventy miles an hour.

Wires are down south of Jupiter, and no wireless reports have been received from the Miami district. The storm is moving in this direction. Residents of Anastasia Island have been warned, and some of them have moved to this city.

At St. Augustine, the tide was the highest in ten years, and streets along the bay front were inundated.

#### DESTRUCTION AT MIAMI.

(BY THE ASSOCIATED PRESS—P.M.)

PORT FORT (Fla.) Oct. 18.—The conductor on train No. 98, just in from Miami, reports terrible destruction there by the hurricane today.

Fully 100 houses were blown down, and the city is in a demoralized condition. The handsome churches of the Episcopal and Methodist denominations were both blown down.

## UTE INDIANS FIGHT WYOMING COWBOYS.

(BY THE ASSOCIATED PRESS—P.M.)

OMAHA (Neb.) Oct. 18.—[Exclusive Dispatch.] The big body of 700 Ute Indians, which left the Ute reservation in Idaho and Utah several months ago and which has been wandering over Wyoming since that time, has had a clash with cowboys near the Kay Line ranch, not far from Gillette, Wyo., and two of the whites were killed. A number of Utes are supposed to have been injured.

Further trouble is expected every hour, as the Indians are practically destitute, and are killing stock for food.

Cowboys and ranchers only leave the town when in large parties, and unless the Federal troops arrive very shortly, a bloody clash is likely to occur, according to information which reached Omaha tonight.

#### THREE GREAT BANDS.

The 700 Indians are divided into three great bands, and their camps extend for many miles over Eastern Wyoming.

Last night's clash was when the cowboys attempted to prevent a band of the Utes from killing cattle of which they had charge.

## HELLMAN IS DEAD.

### Local Banker Dies Suddenly.

#### Multi-Millionaire's Relatives at Bedside During His Last Moments.

#### Attended to Fast Interests Until His Strength Gave Away.

#### Was One of Best Known Men of Finance in Western World.

(BY THE ASSOCIATED PRESS—A.M.)

ATLANTA (Ga.) Oct. 18.—There has been a communication with Miami, Fla., since morning. Just before communication failed, the operator at Miami reported a storm, and said there was two feet of water in his office. This report reached Atlanta from Jacksonville, the latter point working direct with Miami.

Miami is about 300 miles south of Jacksonville, on the east coast, and it is supposed the Cuba cyclone has struck the place with full force.

#### CYCLONIC PROPORTIONS.

CABLE REPORT FROM HAVANA.

(BY THE ASSOCIATED PRESS—A.M.)

NEW YORK, Oct. 18.—The heavy storm which swept over Cuba was described by the Havana operator, just before communication was lost, as having reached cyclonic proportions.

Messages received stated that a hurricane with rain prevailed in the Cuban capital, and that the United States troops in Camp Columbia were much discommoded. Later, the Havana operator told Key West that the storm had increased in velocity and that the storm was leveling the inland wires leading from the cable house. Then followed an entire break in telegraphic communication.

## DIES BY FIRE ON PORCH TOP.

### INSANE WIFE IMMOBILIZES HERSELF BEFORE CROWD.

Saturates Her Clothing With Gasoline, Touches Match Thereto and Ends Life—After Being Inmate of Asylum for Years She Is Pronounced Cured and Discharged.

(BY DIRECT WIRE TO THE TIMES.)

OMAHA (Neb.) Oct. 18.—[Exclusive Dispatch.] Standing on the roof of the porch of her house in plain view of her neighbors and passers-by, Mrs. Ida Young, wife of Harry V. Young, this morning saturated her clothing with gasoline, then set fire to it and burned herself to death in the presence of hundreds of people who were attracted to the scene by her agonized screams. The woman had been an inmate of the insane asylum for several years, but had been recently pronounced cured, and returned to her home. For several days prior to her tragic death she had shown signs of mental derangement and had threatened to commit suicide and it was in a fit of temporary insanity that she took her own life. She was enveloped in flames the instant she set fire to her clothing and was dead before assistance could reach her.

Mrs. Young's husband, a young man who came here with his wife several years ago from Buffalo, N. Y., did not learn of the tragedy until he returned to his home for lunch several hours after it occurred. He was prostrated with grief, but said he was not surprised at his wife's death, since she had often threatened to commit suicide.

#### WOMAN MELTS HEARSE.

CHICAGO, Oct. 18.—[Exclusive Dispatch.] A jury in the Circuit Court today rendered a verdict for \$27,500 in favor of Miss Annie Oakley, champion wing shot of the world, against the Chicago Americans, William H. Hearst's paper.

The case was on trial four days. Miss Oakley was on the stand and declared that the paper had defamed her character in publishing a statement to the effect that she was addicted to the use of drugs, and that she had been convicted and sentenced to the Bridewell in default of a \$100 fine. She had a number of witnesses who testified to her good character.

The news of his sudden death today will come as a shock to his many friends in all parts of the West. For years he was associated with his brother, Isaiah W. Hellman, in the ownership and management of the Farmers' and Merchants' Bank in this city and during that time both men gained reputations as being the most able of western financiers.

His brother, Isaiah W. Hellman, is one of the richest bankers and financiers in the West. All the members of the family are possessed of wealth.

As Mr. Hellman had a host of friends and belonged to many clubs and fraternal orders it seems certain that the funeral will be one of the most largely attended affairs of the kind ever held in this city. He was a highly-popular man, his conduct at all times winning the friendship of those he met. His noble qualities as a citizen marked him as one of the pillars of good government and civic welfare.

## 200 Pairs Women's \$1.98 Oxfords at .98c a Pair

It's a second small lot of Oxfords, identical with those that kept crowds in the shoe section all day last Friday.

Women know bargains; they won't wait. No one should wait, for these likely won't last all day.

Just 200 pairs—bright patent colt; others of velvety kid; others in suede and champagne kid, with hand-turned soles. French or Cuban heels. Not a shoe in the lot worth less than \$1.98 pair. Many \$2.50 values; some worth even more. All at 98c. Aisle 8, Friday.

BARGAINS! Yes, they are the foundation of this shoe business. But Broadway Bargains are different; shoes have to be good before we'll sell them at any price. Then the price has to be lowest. It's because Broadway Bargains can be trusted that Los Angeles' biggest shoe business has gradually settled here.

## Pretty New Trimmed Hats--Bargains \$3.98

Broadway trimmed hats are bargains every day, compared with exclusive store prices. Today they are bargains compared with regular Broadway prices.

REMEMBER—The Broadway Military Department has jumped rapidly into leadership the past few weeks. The prettiest hats that have ever been shown in Los Angeles at equally low prices are here now.

### Trimmed Hats From Our Own Workroom \$3.98

—\$5 to \$7 Values

A rich assortment made especially for Los Angeles women; all hand made on wire frames; every good shape and shade daintily trimmed; some even with ostrich tips and flowers. Don't expect to duplicate them at anywhere near the price—or that such an opportunity will likely occur again soon. \$3.98. Second floor.

The Secretary stated that he expects to take up with the President very soon, the question of appointing Philippine commissioner and vice-governor, which place was to have been filled by Gov. Magoon before his assignment to Cuba.

## VALLEJO MUST VANQUISH VICE.

SECRETARY BONAPARTE WARNS MAYOR OF CONDITIONS.

Prevalence of Too Much Gambling and Many Saloons May Cause Navy Department to Cease Sending Vessels There If Moral "House-Cleaning" Does Not Take Place.

(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, Oct. 18.—[Exclusive Dispatch.] Secretary Bonaparte has given notice to the Mayor of Vallejo that moral conditions must be improved in that city if it expects to receive the patronage of the Navy Department.

Complaints have been made to the department of too many saloons, too much gambling, and worse offenses, in Vallejo, and the matter was brought to the personal attention of Secretary Bonaparte by Forbes H. Brown a short time ago.

Secretary Bonaparte has warned the Mayor of Vallejo of the action of the department at Bremerton, when it stopped sending ships there until conditions in the town were improved. He threatens to do the same thing to Mare Island unless existing evils are remedied.

IT IS HIGHEST COMPLIMENT. BY DIRECT WIRE TO THE TIMES.  
WASHINGTON, Oct. 18.—[Exclusive Dispatch.] Brig-Gen. Funston is to have command of the Southwest Division, with headquarters at St. Louis. This is the highest command which could be given Gen. Funston. Divisions are usually commanded by major-generals and a brigadier-general has never had permanent command.

The headquarters of the Southwest Division formerly have been in Oklahoma, but they have been transferred to St. Louis.

## WASHINGTON BRIEFS.

New Officials for Panama. WASHINGTON, Oct. 18.—It was decided at the conference between the President and Secretary Taft at the White House today, to appoint a Governor as well as an American Minister for Panama, although the names of the persons selected have not yet been announced. Secretary Taft will not accompany the President on his trip to the isthmus.

To Rearrange Military Divisions. WASHINGTON, Oct. 18.—The President has decided to rearrange the military divisions, making Chicago the headquarters of the northern division, under command of Maj.-Gen. Greely, and St. Louis the headquarters of the southwestern division, under command of Brig-Gen. Funston.

Troops for Cuba. WASHINGTON, Oct. 18.—Orders will be issued within a few days for the withdrawal of all but 500 marines now in Cuba. They will be replaced by additional levies of troops.

Apaches Visit Taft. WASHINGTON, Oct. 18.—Three Apache Indians, representing the 500 members of the Geronimo band held prisoners at Fort Sill, Okla., called on Secretary Taft today and urged that they be allowed to take up lands in New Mexico and Arizona.

Lieutenant-Commander Assigned. WASHINGTON, Oct. 18.—Lieutenant-Commander C. M. Knepper was today assigned to command the Almirante Bay Survey expedition. Almirante Bay is a prospective naval station 160 miles west of the entrance to the Panama Canal.

## SUNKEN LUTIN IS DISCOVERED.

SIXTEEN MEET DEATH IN IL-FATED SUBMARINE.

After Hours of Futile Drugging, the Submerged Boat is Located by Tug Cyclops—Hawser Placed Under Vessel's Bow Parts During Night. Other Ships Arrive to Aid in Work.

(BY THE ASSOCIATED PRESS.—P.M.)  
BIZERTA (Tunis), Oct. 18.—The sunken submarine boat Lutin was located this morning by the tug Cyclops. After much effort the divers succeeded in placing a hawser from the Cyclops under the bow of the Lutin and then tried to get a chain under her stern.

Vice-Admiral Lord Charles Beresford, commander of the British Mediterranean fleet, telegraphed to Admiral Bellair during the day, saying that in addition to the ships sent, all the resources of the British Mediterranean fleet were at Bellair's disposition.

The British Admiralty has sent a message of sympathy to the Minister of Marine in connection with the loss of the Lutin.

The British battleship Impacible, the armored cruiser Carnarvon and the torpedo-boat destroyer Albattross have arrived here from the island of Malta to assist in raising the Lutin.

The hawser, which was attached to the sunken vessel, started during the night. The work of dragging for the submarine boat was resumed at dawn, but it was not until 9:30 o'clock a.m. that she was definitely located.

It was established today that the crew of the Lutin consisted of two officers and fourteen men.

## PRINCE ENTERS HARVARD.

Son of Maharajah Gaskwar of Baroda Arrives With Retinue of Servants.  
(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, Oct. 18.—[Exclusive Dispatch.] Shrimat Jansingh Gaskwar, son of the Maharajah Gaskwar of Baroda, arrived here today on the Baltic to enter Harvard.

Accompanying the young Prince, who is 17 and a second son of the Maharajah, was the latter's brother, Sir Shrimat Shampat. Prince Jansingh has with him a secretary and several servants, but when he reaches the university his retinue will be sent back, except for the secretary.

This is said to be the first time in the history of the United States that an Indian prince has come over to complete his education at an American institution.

## INSURGENTS DEFEATED.

Troops Sent Out from Monte Christi Wallow the Rebels—Gen. Navarro Crosses Frontier.

(BY THE ASSOCIATED PRESS.—P.M.)  
CAPE HATTIEN, Oct. 18.—As a result of the refusal of the insurgents to lay down their arms, the government sent out a detachment of troops from Monte Christi to attack them. The insurgents were defeated and took refuge in the mountains.

Gen. Navarro, the insurgent, has crossed the frontier on the way to Cape Hattien, whence he will embark for a point outside the country.

Gen. Guellio, also an insurgent, at the head of a small body of men is still holding out, but he has lost much of his popularity. Several bands of insurgents have surrendered to the government.

Secret Service Summons Receiving Teller of St. Louis Subtreasury in Connection With Shortage.

(BY THE ASSOCIATED PRESS.—P.M.)  
ST. LOUIS, Oct. 18.—Chief Wilkie of the United States Secret Service, today took charge of the investigation into the alleged shortage of \$1,300 in the funds of the St. Louis Subtreasury. He summoned D. H. Dier, Jr., the receiving teller, and held a secret conference for some time.

Gideon Banta, the assistant subtreasurer, who is credited with having discovered and reported the alleged discrepancy, was later called into the conference. When Chief Wilkie finally reappeared, and was asked if there were any developments in the case, he replied that he was "just waiting," and had no statement to make at this time.

Sub-treasurer Thomas J. Akins declined to discuss the alleged shortage. He said that it would probably occupy about two weeks in counting the funds in the sub-treasury and in making a

## STATE TEAM. ON THE OWL.

Rugby Fifteen from Berkeley Arrives Today.

Pomona Squad Prepared for Strenuous Work.

Game Takes Place Saturday at Fiesta Park.

(BY DIRECT WIRE TO THE TIMES)

BERKELEY, Oct. 18.—(Exclusive Dispatch.) The "arsity squad" of the University of California football team, composed of twenty-four men, left tonight on the Owl for Los Angeles where they meet the Pomona College team Saturday at Fiesta Park. Trainer Christie says all the men are in fine shape, and are prepared for a hard fight. Although Coach Taylor has had the aspirants for Rugby honors out on the field since the last of August, the varsity squad was only picked last Monday, and the team they show is now ragged in spots. The team averages are light, but the speedy backs should be capable of making up this handicap. Coach Taylor says he will be satisfied to win by a close score, and the Pomona team is expected to be a close contest.

Berkeley started the season under adverse conditions, as only two of last year's "arsity" men came back in college. Whitman, the speedy little quarterback on last year's team, who everybody remembers by his squaky voice, is on the squad, and playing a reliable center-three-quarters position. He is the surest passer on the team. Blaffer, who played center on last year's team, is captain, and plays lock in the scrum. He is heavy and works all the time.

STANTON IS A STAR.

Forrest Stanton, the crack athlete from Harvard School of Los Angeles, who won the freshman game for California against Stanford last year, is on the squad as wing three-quarters man. He is without doubt the fastest Rugby player on the Coast, and should make a name for himself in Saturday's game. Fuller, whom many will remember as half-back for the Pomona High School in 1905, is in the scrum, and one of the keenest followers of the ball in the scrum. He fights all the time, and uses his immense strength to good advantage. Ed Stowe and McKellean are also mainstays of the scrum. Both are heavy men and make big openings. Schaffer plays a halfback position and should develop into a strong player. He is sure to get as he may be later on in picking up the ball after it emerges from the scrum.

Coach Taylor, Trainer Walter Christie, and Ollie Schneider, the graduate manager, accompany the squad, which is composed of the following athletes: Barnhart, Haffey, Jones, Haffey, Forster, McKellean, Rubenstein, Stowe, Bell, Bailey, Taylor, Friedman, Schaffer, Stokes, Carl Dyer, Glascock, Whitman, Ostrander, Magaristat, Stanton, Johns, Greenman, Schubb.

Pat Higgins will umpire the game, which will start at 3 o'clock.

PLAYERS AT ANGELUS.

AFTERNOON PRACTICE WORK.

The University of California Rugby players are due to arrive at the Hotel Angelus at 10 o'clock this morning. The party will consist of thirty men. In the afternoon they will hold light practice at Fiesta Park to accustom themselves to the field. Pomona will arrive in town Saturday morning.

At U.S.C. it is doubtful whether Rickford, the veteran center, will remain on the squad the remainder of the season, as he took up the play only for the Occidental game. All of the team are putting in faithful work on the punting contest. Shute, Elliott and Custin are kicking excellently.

The game between U.S.C. and St. Vincent's is unsettled at present, as the final date has not been decided on. It was to have been October 27 or November 2, but Coach Haggerty now prefers, it is said, to postpone the game until the first of December on the ground that he is not prepared.

Haggerty believes U.S.C. to be the strongest team in the South this season, and therefore would prefer meeting Pomona and Occidental first.

The tie between the freshmen and sophomore classes will not be played off as was planned, because of the football players being very busy with other games.

The game between Harvard School and Pasadena High School will take place Saturday morning on the Harvard field. Harvard's good showing against the U.S.C. team last year, and in the week makes them favorites in the game, but the Pasadena boys are an unknown quantity, and may develop unexpected strength.

TEAM ROUNDS OUT.

CLAREMONT, Oct. 18.—The last heavy practice for the Pomona Rugby team before the big game with California, Saturday, took place this afternoon. The first and second teams will line up for a short, hard game, and tomorrow the men will rest from the hard work, being given only light practice in running, kicking and passing.

The team will leave Friday night for the campus, and leave for Los Angeles on Saturday morning at 8:30 o'clock.

In yesterday's line-up, although the men were still a little sore from the hard game of Tuesday, better form was shown than at any time before during the season. Coming as it did, immediately upon the poor showing against the Pomona High School team, the snappy work of the afternoon was encouraging. The most interesting part of the game was the cold weather of Wednesday did the prettiest passing yet seen on the Pomona field. In a single short half of about twenty minutes, the varsity team scored three times on the second fifteen, each time rushing the ball across the line after pretty good-gaining work in passing and punting. The forwards still seemed a little clumsy on their feet in the scrum, but managed to get the ball from the second team without difficulty. The greatest improvement appeared to be in the fast passing of the three-quarters.

HIMROD LAID OUT.

The squad suffered a distinct loss this week in Himrod, substitute half, who hurt his leg in Monday's practice and will probably be off the field for the rest of the season. Himrod was a light man, but fast and accurate in his passing, and was making a close fight for his position. His dropping out will probably clinch the positions for Valle and Canterbury, while Lockwood will make first substitute.

Metcalfe, forward and drop kicker, who was among the men wanted that their scholarship would have to be brought up in order to allow them to take part in the season's contests, is reported to be still behind in his work. Unless his record is cleaned up before tomorrow night, he may be forbidden by the faculty from taking part in Saturday's game. Metcalfe's loss would decidedly weaken the squad.

CRACK PITCHER OF THE CHAMPS LOSES TO BURNS.

Local Twirler Pitches Superb Ball for Six Innings Without Allowing a Hit—Looles Win by Bunching Their Swats in the Eighth—Game Lacks Features.

(BY DIRECT WIRE TO THE TIMES)

Los Angeles, 5; Portland, 3. Burns came into his own again yesterday, and for six innings he looked as if he would shut the Champs out without a run or a hit. With Henderson pitching for the other fellow, this would have been a feat to talk about for weeks, but Burns won because of a batting rally of the locals in the eighth.

The game was without particular feature, both good and bad plays being numerous. The Looles had another switch in their batting and playing order because of the team averages are light, but the speedy backs should be capable of making up this handicap.

HAMMER WILSON'S CURVES.

(BY THE ASSOCIATED PRESS-P.M.)

FRESNO, Oct. 18.—Wheeler was on the slab for the Seals today, and the Ralain Eaters landed all over his curves, getting eleven hits and sending fourteen men across the dish.

San Francisco played a loose game, getting mixed up, and throwing the ball away in every inning. McClelland, formerly third baseman for Los Angeles, played short and celebrated his debut with the Seals by making three costly errors.

Walthour was injured by a pitched ball yesterday, and is in bed. Score:

SAN FRANCISCO.

On All News Stands, 15 CENTS  
Trains and Streets.

## M.B. Blackstone Co. DRY GOODS SPRING AND THIRD STS.

### New Motor Coats \$9, \$11, \$12.50 and \$15

Three dozen auto coats here today that will establish a new standard of values for such outer apparel. They are the swiftest models and materials we've seen. They say as much, too, when you see them.

These late gray effects in the heavy, rough mixtures, plaids and contrasting colors. Note the splendid tailoring and finishing. Collars, strap, trimmed cuffs and back. Compare with the very best values you've seen in town, but don't waste much time about it—not many of them. Choice \$9.00, \$11.00, \$12.50 and \$15.00 each.

### \$7.50 For Cloth Jackets Worth \$12.50

These fine, 52-strap corset jackets. Made of good quality tan or fine black broadcloth; perfectly tailored and finished. They are worth the price. Today \$7.50 each.

### Good Taffeta Petticoats \$4.00

These voice of those splendid silk petticoats came yesterday. Remember, no doubt, those six dollar values. All colors, and white, \$4.00.

Plain high Waists	\$2.75	Silk Waists	\$4.95
----------------------	--------	----------------	--------

Pretty tailor made styles in either plain, colors or little checked silk taffeta. Not often you find a waist of such silk as this—and so well and stylishly made, no new—for anything near the price—\$4.95.

## Hear the \$500 Victor AUX-E-TO-PHONE

This telephone is the latest and greatest product of the Victor Talking Machine Co. It is destined to be the greatest advancement the world has ever known. It intensifies the sound, so that when rec-  
tively played, the listener actually in the room of a great singer or trained instru-  
ment, hears the electricity and sound, so arranged that  
the sounds are smothered and the music is heard in  
the room, naturally and without any harshness. There is  
no more music, but there seems to be no more sound,  
and a piercing, stunning character.

This Afternoon at 3 O'clock  
We will present the Aux-e-to-phone for the  
first time. We want you to come and hear it. It is a marvel that cannot  
be described. It is really one of those things which must be seen and  
heard to be appreciated.

### You Are Invited

The Aux-e-to-phone portion of the program will be made up with  
music by Corson, Scott, Eames, Pryor's Band and other renowned  
musicians.

After the close of the concert a number of selections will be re-  
produced by the Aux-e-to-phone organ—demonstrating the most marvelous  
instrument in the world. Don't forget to come this afternoon  
and hear it.

## "BUSINESS" HUMS IN POKER JOINTS.

Half a Dozen Known Games Go on  
Without Interference, While Touts  
and "Boosters" Work the Streets.  
Where They Play.

THE gamblers of Los Angeles have regained confidence. They are preparing for a busy winter. Rooms where gambling may be carried on are sought for eagerly, and premiums are offered for the best locations. Slot machines are in operation on East First street. Half a dozen known poker games are in operation now. Such games are running at the following places:  
No. 113 East First street, rooms 19 and 20.  
New Southern, corner of Main and Franklin, rooms 23 and 24.  
Southwest corner of Second and Main streets, room 14.  
No. 2304 South Spring street, rooms 22 and 23.  
No. 123 South Main street, rooms 2, 3, 4, 5, 6.  
Alma street, near First street, two-story house.  
They Fear no Raids.  
Slot machines can be played in a

saloon at Alma and First streets. There are two machines.  
"Near the shadow of the political boss, who looms largely during the strenuous days of a campaign, the gamblers have renewed their faith. They openly boast that they need no longer fear attacks or raids from the city or county authorities.  
On Spring and Main and First streets and at Alma and East First, just at the city limits, the "jack-pot" is kept boiling and the gentle "kitty" is "sweetened" every little while.  
Nearly all the old gambling joints have reopened during the last two weeks. They make but the slightest pretense of secrecy. The days when "Stiff Neck Ben" kept a bodyguard and an intricate system of electrical buzzers to assure his safety are no more. The "jack pot" is "bled" almost in the middle of the street, and the "kitty" is made to purr in plain hearing of pedestrians.  
Not only is the poker played as a pastime and also as a profession, but the much maligned slot machine,

## ONLY A DOZEN QUIT. Closing of the Shops and Foundries Against Labor Union Employees Affects Few.

But one of the machine shops and foundries of the city was noticeably affected yesterday by the stand taken by the Founders' and Employers' Association in closing its establishments to the moulder totemites who obeyed the dictates of the walking delegate.  
At the shops of the McCan Mechanical Works, on Long Beach avenue, the force of twelve moulders walked out when they heard the notice. Yesterday the employers offered McCan all of the men he needed to operate his shops.

## TETERS TOTES A BEER CASE.

Great Detective Takes no  
Chance of Losing.

## "Blind Pigger" Convicted on Sure Evidence.

## Watts Man Fined—Hic—a Hundred Dollars.

The same benign Providence which arranged the old lady's two snag teeth so they would come together, also fixed up Detective Teters.  
It gave him a doubting disposition, but consoled him with an awful thirst which served to entertain him while he doubted.  
Teters was served yesterday in a "blind pig" trial before Justice Young. Teters being the complaining witness.  
Down at Watts Station was a mild, stubby little brewery wagon driver named W. H. Silver, employed by the Anaheim Brewery. For the benefit of his neighbors, who were liable to be seized with a sudden and critical thirst almost any time, Herr Silver used to keep a little "boose" in the house. Sometimes he had as much as several cases for sale.  
This came to the ears of the celebrated detective, Teters. He tipped at once to the scene. With him went another sleuth for corroboration and moral support.  
They went together to Silver's house and made a pair of noles like a man with a thirst. Silver came out and smiled indulgently.  
"Awful dry," sobbed Teters. Teters is a small, stoop-shouldered man with a red and glittering eye.  
"Ja," said Silver politely. "Ach ja." He came out with a bottle and two glasses—all smiles was Silver.  
TRYING HIS BEST.  
Trying his best to look like a thirsty man, Teters seized the bottle and licked it dry in two seconds. Herr Silver took it back empty and looked respectfully at Teters, who called for another.  
Silver came out and handed the two sleuths a quart bottle each. He told the court what followed.  
Teters got a firm grip on the round belly of the deceiver and gazed at the sipping cup, while the second quart of lager gutted and gurgled downward.  
Teters lowered the empty bottle and smacked his lips darkly. It seemed a good deal like beer. It looked a good deal like beer. But Teters, as an officer of the law, had to be good and sure. He called for another bottle apiece. (County's expense.)  
As the contents of these bottles also disappeared, Teters turned inquiringly to his companion detective. His eloquent glances seemed to say, "Doesn't this seem to you to resemble that liquid termed beer, a hop product?"  
The other detective thought so, but didn't want to be quoted. Teters felt sure of it in his heart—also his stomach, but decided to make one more experiment, for the dignity of the law could brook no error. He called for two more.  
They drank these. At the end or bottom of the seventh quart, Teters felt an abiding conviction dawning within him. He took one threatening step forward; the other detective reached for his trusty handcuffs; but just as he did so, Teters laid a restraining hand upon him, whispering hoarsely to the unsuspecting Silver: "Prythe another bot."

He drank half another quart bottle and handed it appealingly to the other sleuth, who drank the balance and nodded with an air of positive conviction.  
THINK IT OVER.  
At the last minute, however, they decided to go back and think it over. After they had argued it out among themselves regarding the contents of the eight quart bottles, they decided that it was really beer. They marched down to Watts again and placed Silver under arrest.  
But when they got him under arrest, a sudden wave of misgiving swept over the doubting Teters again. He hesitated yet.  
"Suffering saints," reflected Teters, "suppose that really really beer, after all. No. I must make sure."  
While the grouchy German brewery wagon driver sat grumpily by—under arrest—Teters turned nervously to his fellow-detective.  
"Say," he gasped, really turning white in his excitement, "you suppose that really was beer? You know we have got to give testimony in court."  
Near them stood an open case of beer. Teters madly grabbed a quart bottle and emptied it with three gulps.  
HE SWEARS THIRTEEN.  
"I—I ain't real sure," he said, tremulously. He grabbed another. Meanwhile the contagion of nervous fright had caught his comrade. He, too, grabbing up beer bottles and emptying them into himself.  
"Suffering saints," the last bottle—the thirteenth quart—like a marshal's baton, Teters declared with due solemnity that the ocean billowing and eddying inside him and his fellow-detective was beer—real beer—beer.  
They then (hic) took Silver to jail. He was tried before Justice Young yesterday — and he was convicted. There was no doubt about it; Teters was dead cock-sure it was beer. You couldn't fool Teters; he was loaded with information.  
Silver was fined \$100 as a solemn warning for the future.

## WILL ENTERTAIN STUDENTS.

U.S.C. Faculty Plans Social Functions to Make College Life More Cheerful.

In order to make college days as cheerful as possible, so that the students may be at home with their instructors, and develop as well the social side of their natures, the faculty of the University of Southern California will give a number of receptions during the term.  
The first of the series, a faculty reception, will be given commensurate in honor of the football team. On Tuesday evening next at the University Methodist Episcopal Church there will be a concert by the faculty of the College of Music, to which students and friends are invited.  
A Halloween party will be given on October 31. The fraternities, sororities, literary societies and social clubs will be represented. Among other social affairs at the college will be the freshman reception on October 25, a football banquet on the 27th of November. On January 25 there will be a general social party of all the literary societies.

## WIFE MAY DIE BY HIS ACT.

Husband Hits Spouse on Head  
With Saucer During Fight  
at Supper Table.

Mr. and Mrs. R. P. Kessler of No. 1347 Myrtle street, who have been married eighteen years, got into a fight at the supper table last evening, cups and plates being hurled by both until Kessler hit his wife on the head with a saucer, inflicting a deep cut that may result fatally. She staggered to the telephone and called J. Barnett of No. 229 Towne avenue, a friend of the family, telling him that she was bleeding to death. Barnett summoned police from the University station and they removed the woman to the Receiving Hospital. At a late hour last night she was in a critical condition. Kessler, who is a potato peddler, was locked up in the City Jail.

## ATHLETE CHAPIN A MISSIONARY.

CHAMPION RUNNER TO LABOR IN  
FLOWERY KINGDOM.

"Dike" Honors the Desire of His  
Father and Mother That He Should  
Return to His Native Land and  
Work in Religious Field—Has an  
Excellent Record.

REV. DWIGHT C. CHAPIN,  
star athlete, and Occidental's track  
champion, who is going to China as  
a missionary.

From the position of a champion sprinter on the athletic fields of Occidental College and Princeton University to that of a missionary in China, is the latest leap of Dwight C. Chapin, popularly known as Occidental by the name of "Dike." He was one of the favorites in the class that graduated from that institution in 1902, and was prominent in athletics, oratory and social and Y.M.C.A. work.

Following his graduation, Chapin entered Princeton for a three years' course in the Theological Seminary, from which he graduated in 1905 with an excellent record, at the same time doing enough study in the university to receive the degree of Master of Arts. He is an ordained minister.  
During the three years "Dike" was on the Princeton track team he won several gold medals in the mile and two-mile runs against Yale, Harvard, Pennsylvania, Cornell, Columbia and Chicago. His best time in the mile run was 4:29, and in the two-mile, 10:32. Last year, after his return from Princeton, he went north with the All-Southern team and defeated both the Stanford and Berkeley long-distance runners, winning the Coast intercollegiate record in the two-mile sprint.

In deciding to go to China, Mr. Chapin returns to the land of his nativity. He was born in China, together with his eight brothers and sisters, children of Rev. and Mrs. L. D. Chapin, who were missionaries in the China field for more than twenty years.  
The family returned to America in 1883. The father and mother have passed to their reward. Miss Abbie Chapin returned to China in 1903, as a missionary, and Miss May went a year ago. Dwight's brother, Edward, and the wife of the latter have done several years' work in China, but are now at home studying.

Dwight's running days are over, and he designs to fulfill the earnest desire of his father and mother that he return to China as a foreign missionary for the Presbyterian church. A farewell reception will be given him on next Tuesday evening at the Grandview Presbyterian Church, on Adams street, near Vermont avenue.

## THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

Griffith J. Griffith has tied up present prospects for the Pasadena, Glendale and San Fernando Valley Railroad getting a permit to use a portion of Griffith Park. His decision will mean no papers until he has finished his term in the penitentiary.

Contractor Pusch yesterday asked the Board of Public Works to allow him to withdraw his bid for sewer work on Avenue 54, as he had made his figures too low.

The City Council has passed an ordinance providing for the increase of salaries of the clerk and deputy clerk of the health office to \$125 per month each.

Police Commissioner Sadtler's horse deals are declared all right by the Mayor and members of the Police Commission, despite the discussion prevailing as to their regularity.

W. Rorer sued the United States Investment Company yesterday, and during the trial it appeared that the plaintiff had obtained a contract which by mistake was of such character as to give him a fine income from small property on the old postoffice site.

James Bray, instead of being sentenced yesterday, was dismissed from custody. A northern-lawyer was the strong factor in the prosecution, and a new trial being granted the District Attorney moved to dismiss rather than go over the same ground again.

P. W. Heinman paid \$600 fine in Police Court, as the result of his mad race in a swift auto against two motorcycle policemen. The chase nearly resulted in the death of Heinman's two pursuers.

O. C. Randall, a real estate man, was accused yesterday of feeding a young woman in a dubious deal, and the city prosecutor's office began an investigation.

## AT THE CITY HALL.

**CANNOT GET A PARK PERMIT.**

Griffith J. Griffith refuses to sign papers.

Francisco asked for Pasadena, Glendale and San Fernando Valley Road is held up until Penitentiary sentence is served—New Salary Ordinance for Health Office.

There will be "nothing doing" for the Pasadena, Glendale and San Fernando Railroad Company until Griffith J. Griffith gets out of the penitentiary. Until that time the new railway company cannot get the coveted permit to cross Griffith Park.

Griffith J. Griffith, who donated the park to the city of Los Angeles, exclusively for park purposes, must give his written permission for the granting of the right to construct a railroad across the northwest end of the park before the City Council has the right to issue such a permit. So decided the City Attorney when the application was first made to the Council for this permit.

Since that time Martin Marsh, secretary of the railway company, has been attempting to secure this written permission from Griffith. He has not succeeded. John T. Jones, attorney for the Griffith interests, says that his client will sign no papers of any kind until after his release from the penitentiary next month.

His terms having been shortened because of an excellent prison record, he will be restored to citizenship and will then take up the threads of his extensive business affairs.

It is not certain that even after Griffith's release he will be willing to sign the permission to Los Angeles for railroad purposes. For this reason the railway company is casting about for other routes for the line from the San Fernando Valley through the hills to the Chumcho Valley, and thence on to Pasadena, Monrovia, its proposed ocean terminus.

Martin Marsh said yesterday that he case the permit is not secured, it is probable the railway will be constructed through the Chumcho Pass, the whole line from Pasadena through the San Fernando Valley and to Santa Monica can be built and ready to operate within a year from the time the franchise is received.

The City Trustees of Glendale have been applied to for a franchise through that town, and the matter has been postponed until the next meeting of the Trustees to take place Monday night.

**Sadtler's Horse Deals.**

A discussion has been aroused over alleged improper actions of Police Commissioner Sadtler in selling to the city horses for the use of the Police Department which he has been acting as an official of the city. It appears that there is little ground for all the talk, in the face of the statement of Sadtler, who is backed in these statements by other members of the commission. They declare that Sadtler, who has been a horse dealer and a good judge of horse flesh, simply acted as an agent for the commission, using his knowledge of horse buying simply to get the advantage in making purchases. Not a cent of profit, it is claimed, accrued to Sadtler for these deals. He went out and sought for suitable horses for the Police Department, put up his money for the purchase, and then turned them over to the department. Afterward he drew vouchers for the amount he had expended of his own funds.

**Discussing Street Opening.**

The subject of opening Seventeenth street was before the Board of Public Works again for discussion yesterday. The board has formed outlines tentatively for two assessment districts. One of these includes the whole strip of Seventeenth street, from Figueroa street to Vermont avenue; the other extends from Hoover street to Vermont avenue. A close analysis of the petitions for the proposed improvement and the protests against it will be made, to determine how many of the signers of the petitions are within the proposed districts.

**Would Withdraw His Bid.**

A. C. Pusch yesterday presented to the Board of Public Works a request that he be allowed to withdraw his bid for the construction of sewers in Avenue Fifty-four and other streets in Highland Park. Pusch says he mistook the plans of the City Engineer, thinking they were drawn on single scale instead of double scale, and therefore wants to be released from his bid, which was the lowest of the six submitted. The amount of his offer was \$4000, and the next lowest offer was that made by M. L. Hostetter, whose figure was \$4150. As there is a difference of only \$150, despite Pusch's claim that he figured on the wrong basis, the board of Public Works is not inclined to release him from his proposition. This would ne-

## KERN TO BE HEF SUCCEEDING AUBLE.

Edward F. Kern is to be the next Chief of Police of Los Angeles.

This is the programme of the Police Commission, and it is understood the appointment will be made November 2.

Chief Auble is seriously ill, and it is possible he will retire from the service on a pension. He is reported to have been suffering greatly some time past from attacks of laudanum and other complications, and may have to submit to a severe surgical operation to obtain relief.

It will be remembered that a year ago Auble appeared in the city hall, and was then captain of police, and who, it is said, is the only man who has ever taken the civil-service examination and passed for the position.

There remains but two months of the present city administration, and after that the new Mayor and his commission will have the naming of the Chief of Police, but it is evidently the intention of the present Police Commissioners to use their right, and their plans have been mapped out. If everything goes as programmed, Kern will drop the Commission's test to assume the staff of authority at the Police Station the second week in November.

Kern is a native of Iowa, and when quite a young man came West and settled in Arizona. There he spent eight years, being engaged in contracting and railway construction work. While in Arizona he was a member of the famous Prescott Rifle Company No. 1.

For eighteen years Kern has been a resident of Los Angeles. He was engaged in contracting here and became connected with the Los Angeles Ice and Cold Storage Company, which he sold out last year. He is now engaged in the real estate and insurance business. He has served in the city hall for two years, as a member of the Board of Public Works, and as a member of the Board of Police Commissioners.

He is a Democrat.

His profit Kern has occupied one of the new stores for a portion of the time at a rental of \$15, which has been a source of complaint. While Kern is claiming an accounting, Streiffer is practically asking for the reformation of a deed. The case is still in trial.

**BRAY IN LUCK.**

James Bray is a colored man who was convicted in Judge Smith's court on a burglary charge, and was before the court yesterday for sentence. At the front door, Bray, his son-in-law, and in doing so showed that some very important testimony had not been introduced.

The question of Bray's guilt hinged upon the status of his mother-in-law, Mrs. Leonard. When she came in at the front door, Bray, his son-in-law, went out at the back. The two could not get along together, and save for odd visits, he has not seen her since. For months, and then not to sleep. But the wife had to have "Ma" with her, and she had to have her. He and wife became somewhat weakened.

Mrs. Leonard had Bray arrested for burglary, claiming that he had entered her room and taken her watch. Can a man burglarize his own house? The prosecution claimed that he did, because Leonard said that Bray claimed that for some cause, which he refused to explain, he had entered a room as a member of the family, had not been put in at the trial.

Judge Smith said he was not laid upon this vital phase of the case, but nevertheless he was in doubt as to the admissibility of such facts at that late hour in granting a new trial.

Attorney Morris of Colton asked permission to make a statement. He was committed to the State Hospital yesterday. The Jap has been in this country about a year and a half, but recently has grown morose and as if he were trying to break off his engagement to a certain lady. He thinks the medicine and food, he is suffering from melancholia.

**THE INFERIOR COURTS.**

**YOUNG AUTOIST IN MAD RACE.**

**BUT HEINZMAN GETS OFF WITH A LIGHT FINE.**

Motorcycle Police Officers Have a Thrilling Experience With Speedy Youth—Alleged Real Estate Sharpers' Methods Being Investigated by Office of City Prosecutor.

F. W. Heinman, living at No. 1022 Magnolia avenue, paid \$60 fine in Justice Austin's court yesterday for the sequel to a half-racing race between his fast automobile and the motorcycle of two officers Sunday afternoon. Violation of the speed ordinance was the charge. The story of the officers' deals with endangered lives. The stories of witnesses include details of heroism on the part of the patrolmen.

Heinman and a number of companions were speeding up Main street when Motorcycle Officers King and Rome saw them and gave chase. The race lasted many blocks and was a wild one. Twice the machines of the pursuers were crowded between vehicles and it seemed that they had a chance for them to pass through the passageways. Finally King, in passing in front of a street car, was thrown to the pavement. By strange fortune he escaped serious injury. In the end the auto escaped.

Yesterday morning the young speeder was taken into court. The two officers had not neglected to take his auto number and hunt him out. The trial was a brief one. When the court had heard the facts he fined Heinman \$60.

**DEAF LOOKS DUBIOUS.**

The office of the City Prosecutor is investigating accusations of fraud made against an alleged real estate sharpener, O. C. Randall of No. 811 San Julian street. According to Miss Kate Courtney, Randall got \$15 from her by dubious means. The woman told her story yesterday to this effect: Randall pretended to have for sale lease and furniture of a rooming-house. This was September 8. The price was to be \$650. The woman says she paid him \$15 down. Meantime, she says, Randall, instead of having the property for sale, knew that the landlord did not want to part with it. He left Randall with a view to getting his money back, she claims, and was put off on one pretext or another. In the end she sought the man's prosecution.

**QUARTETTE OF SALES.**

The Wright & Callender Company has concluded a bunch of four important real estate sales. One is a lot 1051 feet fronting on Figueroa street, midway between Eleventh and Twelfth, improved with a two-story building. The second is a lot on West Seventh street, near Carondelet street, improved with a two-story residence, sold by Isabel Barrett to D. C. Lane for \$10,000. Third, the lot on West Seventh street, near Westlake avenue, 100x125 feet, vacant, sold by C. W. Brown to local investors for \$10,000. Fourth, a lot on Westlake avenue, 100x125 feet, vacant, sold by C. W. Brown to local investors for \$10,000. The fourth sale is a lot on Westlake avenue, 100x125 feet, vacant, sold by C. W. Brown to local investors for \$10,000.

**SALT LAKE DEPOT.**

**CONDEMNATION SUITS ENDED.**

After several days of hot contest the condemnation suits brought against the property owners fronting on Myers street by the Salt Lake Road Company were brought to an end by a jury in Judge York's court determining the value of the property.

Myers street runs from Allie to First street. The property facing Myers street, the corner property at First street, was condemned by a jury, and the values fixed. These were supposed to have an added value an account of double frontage, the remaining strip of Myers street.

The jury went out about 4:30 o'clock and late in the evening brought in a verdict condemning all of this frontage property.

But this special jury was a liberal one and fixed the value of each lot at \$2000, or about \$75 a front foot. The former jury had fixed the values of the corner properties at about \$2 a front foot.

**CRAZY PRIESTS IN RECTORY.**

The madman who broke into the rectory of St. Joseph's Church and claimed to have a divine commission to kill and destroy every one he found there, was brought before the insanity commission yesterday and was ordered committed by Judge Oster of San Bernardino, who sat for Judge Gibbs.

The man's name is Henry Grewe, but no information could be obtained from him as to where he was living at Anaheim about two years ago, and that he has carried on a chicken ranch about five acres. Apart from this no information was afforded the commission other than has already been published regarding his forcing his way into the rectory and boldly attacking one of the fathers. It took four of the priests to hold the madman, and the most violent he was. He gave evidence of being afflicted with acute mania.

**ONEONTA COLLISION.**

A. N. ADAMS ASKS DAMAGES.

The suit of A. N. Adams to recover \$1000 from the Pacific Electric street car Company as damages for injuries alleged to have been sustained in the collision on July 23 at the Oneonta Park junction, went to trial yesterday before Judge Bordwell and a jury.

Adams claims that when the electric car of the Pacific Electric crossed the freight train, he was thrown about 125 feet, and several of his ribs were fractured. He claims that the shock to his nervous system, and the tip of one of the fractured ribs punctured his left lung.

**COURTHOUSE NOTES.**

**BREVITIES MISCELLANEOUS.**

**REGISTRATION NOTE.** Inductively there was credit yesterday for the South Pasadena 121 names as having been inscribed on the great register, but this number possibly belongs to Pedro, South Pasadena having only 482 names.

**OFFICERS AFTER HIM.** C. N. Connor, committed to the State Hospital at Patton by Judge Oster. Connor is a man whom he and numbers of other officers are trying to break off his engagement to a certain lady. He thinks the medicine and food, he is suffering from melancholia.

**DESERTED HIS WIFE.** Winnie Nixon was granted a divorce from Andrew Nixon on the ground of desertion. The husband was considered a deserter. He was granted a divorce in 1902, at Oakland, and in September, 1904, the husband abandoned his home.

**JAP IS DEMENTED.** Gorhio Wounghin, 31 years of age, was committed to the State Hospital yesterday. The Jap has been in this country about a year and a half, but recently has grown morose and as if he were trying to break off his engagement to a certain lady. He thinks the medicine and food, he is suffering from melancholia.

Motorcycle Police Officers Have a Thrilling Experience With Speedy Youth—Alleged Real Estate Sharpers' Methods Being Investigated by Office of City Prosecutor.

F. W. Heinman, living at No. 1022 Magnolia avenue, paid \$60 fine in Justice Austin's court yesterday for the sequel to a half-racing race between his fast automobile and the motorcycle of two officers Sunday afternoon. Violation of the speed ordinance was the charge. The story of the officers' deals with endangered lives. The stories of witnesses include details of heroism on the part of the patrolmen.

Heinman and a number of companions were speeding up Main street when Motorcycle Officers King and Rome saw them and gave chase. The race lasted many blocks and was a wild one. Twice the machines of the pursuers were crowded between vehicles and it seemed that they had a chance for them to pass through the passageways. Finally King, in passing in front of a street car, was thrown to the pavement. By strange fortune he escaped serious injury. In the end the auto escaped.

Yesterday morning the young speeder was taken into court. The two officers had not neglected to take his auto number and hunt him out. The trial was a brief one. When the court had heard the facts he fined Heinman \$60.

**DEAF LOOKS DUBIOUS.**

The office of the City Prosecutor is investigating accusations of fraud made against an alleged real estate sharpener, O. C. Randall of No. 811 San Julian street. According to Miss Kate Courtney, Randall got \$15 from her by dubious means. The woman told her story yesterday to this effect: Randall pretended to have for sale lease and furniture of a rooming-house. This was September 8. The price was to be \$650. The woman says she paid him \$15 down. Meantime, she says, Randall, instead of having the property for sale, knew that the landlord did not want to part with it. He left Randall with a view to getting his money back, she claims, and was put off on one pretext or another. In the end she sought the man's prosecution.

**QUARTETTE OF SALES.**

The Wright & Callender Company has concluded a bunch of four important real estate sales. One is a lot 1051 feet fronting on Figueroa street, midway between Eleventh and Twelfth, improved with a two-story building. The second is a lot on West Seventh street, near Carondelet street, improved with a two-story residence, sold by Isabel Barrett to D. C. Lane for \$10,000. Third, the lot on West Seventh street, near Westlake avenue, 100x125 feet, vacant, sold by C. W. Brown to local investors for \$10,000. Fourth, a lot on Westlake avenue, 100x125 feet, vacant, sold by C. W. Brown to local investors for \$10,000.

**CONDEMNATION SUITS ENDED.**

After several days of hot contest the condemnation suits brought against the property owners fronting on Myers street by the Salt Lake Road Company were brought to an end by a jury in Judge York's court determining the value of the property.

Myers street runs from Allie to First street. The property facing Myers street, the corner property at First street, was condemned by a jury, and the values fixed. These were supposed to have an added value an account of double frontage, the remaining strip of Myers street.

The jury went out about 4:30 o'clock and late in the evening brought in a verdict condemning all of this frontage property.

But this special jury was a liberal one and fixed the value of each lot at \$2000, or about \$75 a front foot. The former jury had fixed the values of the corner properties at about \$2 a front foot.

**CRAZY PRIESTS IN RECTORY.**

The madman who broke into the rectory of St. Joseph's Church and claimed to have a divine commission to kill and destroy every one he found there, was brought before the insanity commission yesterday and was ordered committed by Judge Oster of San Bernardino, who sat for Judge Gibbs.

The man's name is Henry Grewe, but no information could be obtained from him as to where he was living at Anaheim about two years ago, and that he has carried on a chicken ranch about five acres. Apart from this no information was afforded the commission other than has already been published regarding his forcing his way into the rectory and boldly attacking one of the fathers. It took four of the priests to hold the madman, and the most violent he was. He gave evidence of being afflicted with acute mania.

A. N. ADAMS ASKS DAMAGES.

The suit of A. N. Adams to recover \$1000 from the Pacific Electric street car Company as damages for injuries alleged to have been sustained in the collision on July 23 at the Oneonta Park junction, went to trial yesterday before Judge Bordwell and a jury.

Adams claims that when the electric car of the Pacific Electric crossed the freight train, he was thrown about 125 feet, and several of his ribs were fractured. He claims that the shock to his nervous system, and the tip of one of the fractured ribs punctured his left lung.

Union League Holds First Ladies' Night of the Present Season With Great Success.

A flood of light, music and the gentle swirl of women's gowns in the rooms of the Union League last night made it manifest that the organization was holding a ladies' night, the first of the present season. The rooms were simply decorated, mainly with American flags, but with the dark oak background, and the lights playing over the throng, they looked most hospitable.

About sixty couples were present last evening, the hospitality of the club. The dining-room had been cleared for dancing, and with an orchestra in one corner, made a center of the entertainment. The front rooms were set with tables, where those who did not dance played dominoes or cards.

Downstairs was also thrown open, and there were groups around the pool and billiard tables, enjoying the game or looking on.

It was truly open house, and seemed more like an English house party than a formal ladies' night. There was a degree of good comradeship and happy informality that is unusual at such a gathering. All over the house were groups enjoying themselves as best pleased themselves, breaking up to enjoy a dance, and then reuniting again around one of the tables or in the lounging rooms. It was a conspicuous feature that there were no small flowers of either sex.

Although this is not the first of such occasions at the Union League, it is the first of the present season. The success of it was such that it will probably become a monthly feature in the life of the organization.

**WOULD DIE FOR WOMAN.**  
For love of a woman who isn't what she should be, F. S. Java tried to kill himself in a resort at No. 218 North San Pedro street yesterday afternoon. He shot himself, intending the bullet for his heart. It went through the muscles of his neck. He was in the woman's room, and she was with the other inmates of the place eating breakfast when the pistol report startled them. Java was taken to the Receiving Hospital, and thence to his home. He keeps a saloon at No. 217 East 10th street.

## Our 35c Handkerchiefs Now 25c

Two sorts, to suit every taste; first, sheer linen hemstitched handkerchiefs, with hand-embroidered block initials, in different patterns of tiny flowers—all initials; second, barred handkerchiefs, with fancy corner designs and borders, without initial.

Either sort for 25c apiece, and there's no better 35c value in town, as you can easily prove by a look about.

## New Ruchings

Our buyer is just back from New York with an almost endless variety of the newest ruchings, which are to enjoy a distinct popularity this fall. When you see the clever conceits brought out, you'll be as enthusiastic as we are over them.

About the daintiest thing you can imagine are the new Queen Louise ruchings, extra wide and full.

Travelers' and nurses' ruching, with cord, plain or with lace edge, in six yard pieces, 25c and 35c. Widows' ruching, wide or narrow. Mechlin lace ruchings, chiffons of best styles, nets, gold edged and dozens of other styles, all priced much lower than you can buy them elsewhere—if, indeed, equally stylish effects will be shown at all—25c, 30c and up to 75c a yard.

## Imported Door Mats

Might as well forestall any annoyance resulting from muddy prints on your carpets, by purchasing your door mats now, before the rainy season arrives.

While our stocks are complete, of fiber and steel mats, we call your particular attention today to some recently-received imported door mats, which for beauty of artistic design we have never seen equaled.

First comes a layer of firmly-woven matting, and upon this foundation is laid thick deep fiber, with conventional designs worked out on its surface in contrasting shades of equal thickness.

Practically no wear-out to such a mat, and no end of satisfaction in its really artistic beauty.

## 75c and \$1 Belts 50c

Both Silk and Leather

Girdle effects in silk, and Fritz Scheff models in leather sum up fashion's fall dictates in belts. It's hard to get the picture of these in one's mind without really seeing them; and when you find that we've priced the ones for which you'd expect to pay 75c and \$1, at fifty cents, you'll want to secure your share before they're all gone.

REPETITION of some things are always bear repeating. Our new Fall Suitings are all that one could desire.

CAPT. GRESSEY,  
WIFE ROBBER?Kin of His Fourth Bride Say  
He Would Loot Estate.Her Brother Declares She Is  
Mentally Incompetent.Court Appoints Protector of  
Her Realty Interests.

That Capt. Frederick J. Gresssey is attempting to make away with his fourth wife's fortune, and that she is mentally incompetent, was the claim made by her relatives in a burning petition filed yesterday in the Superior Court.

Judge Convey will be asked to appoint a receiver to live right in the Gresssey home and rule it, with orders from the court to compel Capt. Gresssey to maintain his own apartments, and have nothing to do with his fourth wife.

Gossip as to conditions in the Gresssey family crystallized yesterday upon the arrival of Mrs. Gresssey's brother from Waterloo, Ind. At his request, Judge Convey made a preliminary order appointing Attorney Edward Payne guardian during the pendency of this bitter fight.

The sequel will be a story of fearful bitterness. Capt. Gresssey has been married to this wife only since last December. Her relatives claim that she has not been right mentally during the whole of the period since that time.

It was a courtship of seventeen days and the captain's beautiful sister-in-law, who had been married to the three he already were created newspaper talk at that time.

Mrs. Gresssey was then well-to-do widow named Harl. After her marriage she began giving away her property to Gresssey. According to the petition filed yesterday, she died Capt. Gresssey a \$10,000 lot in the Angeles Vista tract; that she had previously mortgaged the property for \$400 and that her husband made her believe the mortgage was only for \$100. It is also alleged that the petition that she was persuaded to deed him a valuable lot in Venice and that he is collecting some \$1000 which she had loaned out.

They claim he now has practically all her property.

Neighbors who live near the Gressseys on Gramercy Place have been gossiping about Mrs. Gresssey's condition and treatment.

GUESTS ARE SHOCKED.

Some time ago the captain's ambition to be a Congressman led him to give a large reception, so the neighbors say, at the Harvard Hall. On that occasion the guests were so shocked at the condition of his wife that some of them were seen to be disgusted on his employing a physician. It is said some of the neighbors even went so far as to threaten to employ a physician to examine themselves if Capt. Gresssey did not.

Friends who visited them next day in their home found Capt. Gresssey and his wife together, but say that her condition showed pitifully that her mind was not right.

Gresssey finally had a physician come. Many gossiping tales are told of his alleged unwillingness that Dr. Brainard, the well-known expert on mental diseases, be called in consultation. These stories cannot be verified.

Last Saturday night Gresssey telephoned The Times requesting that it be published that his wife was at the point of death.

About this time Mrs. Gresssey's sister, Mrs. J. J. Baxter of Waterloo, Ind., was heard from. According to the attorneys who have been employed in the case, Mrs. Baxter had written time and time again to Mrs. Gresssey without getting any answer. At length Mrs. Baxter wrote, saying that she would come out immediately if she did not get a reply. Capt. Gresssey then wrote. He suggested that he needed help in taking care of his wife.

Mrs. Baxter has been here since last Sunday morning. During that time furious discussions prevailed. It is rumored. The arrival of Mrs. Gresssey's brother, H. M. Daniel, yesterday morning was immediately followed by a petition for the appointment of a guardian and receiver. Presumably he was sent for by Mrs. Baxter.

It is claimed by them that Gresssey was directed to hire a nurse for his wife, and hired a dressmaker without any knowledge of his wife. This report, too, must stay in the "under class" until it can be thrashed out in court.

TELLS OF AFFECTION.

Capt. Gresssey had no intimation of the bringing of the suit last night when he was called out of his couch by a messenger from The Times.

He was pained and grieved. "Never, never heard of it," he said. "Mrs. Gresssey and I have been a loving couple. She has deeded this property to me; but it was at her request. Why she did the same thing with her other husband."

"Why, to show how loving we are, I will just cite an incident that only happened this afternoon."

"When I went home I found my wife sitting on the front porch and as I sometimes do, I went down on my knees and gently kissed her hand."

"At that she turned to her sister, Mrs. Baxter, and said, 'Jesus, this is the dearest, sweetest man in all the world.'"

Capt. Gresssey says that it is not true that he deeded the home place of the mortgage on the home place in the Angeles Vista tract. He says that she knew the amount of the mortgage was \$100.

He says she gave him back \$100 to pay some heavy life insurance policies due on both their lives. He declares he did not resent Mrs. Baxter's coming. He says that he sent for her himself.

At last time I was doing all the housework, including the cooking and making the beds. I wrote and asked her to come out and help me.

"I am astonished that any one should think my wife insane. She and I have been a loving pair, and I have never noticed anything wrong. She has always been a nervous woman. About a month or more ago I thought it best to call a doctor. It is true that I did ask The Times to publish that she was at the point of death."

"Dr. Brainard, who had been in attendance, told me Saturday night that he thought she might die very soon. I thought her loving friends ought to be notified."

Today, Judge Convey will be asked to appoint her brother, Mr. Daniel, her permanent guardian, and to restrain Gresssey from interfering with her real estate affairs.

Sensations are promised when the petition comes to a hearing, which will not take place until a few days later. Gresssey vows he will contest the move.

The Indecent Ostrich.

"Oh! My soul and body. Just look there!"

A girl in a white dress and peacock-waist, who had been walking along the path toward the ostrich house in the New York Zoological Park, stopped suddenly, peered through the shrubbery, blushed and turned back. She seized the arm of the young man with her and led him back. "Don't look," she begged.

An old woman who had been walking just behind glanced toward the ostrich yard and gazed. "Well, I never!" she exclaimed, and she seized the arm of her white-whiskered husband and turned him back, too. "It's bad enough in the verandah," she cried. What the woman had seen startled many others. Closer inspection would have convinced them that it was not a pair of very robust flesh-thrilled human legs that were peering up and down under the tree in the ostrich yard. Old Mrs. African Ostrich has been suffering with the heat. On Saturday night he could stand it no longer. He deliberately stripped the fine, light feathers from his long neck and ample bosom till he looked as if he had a very loud peacock waist on. This made him cooler. He proceeded to rip the feathers from both his legs, from his body down to his knees.

This gave him a startling appearance. (New York World.)

GET GREETING  
FROM ENGLAND.W.C.T.U. CONVENTION NOW DOWN  
TO BUSINESS.

Lady Somerset Sends Letter of Encouragement and Well Wishes to Delegates Assembled at Boston—Is Presented With Chapel Bell—Appeal for Restriction of Liquor Sales.

(BY THE ASSOCIATED PRESS—A.M.) BOSTON, Oct. 18.—The actual business of the triennial convention of the World's Women's Christian Temperance Union in this city was begun today. An early forenoon devotional service in the Park Street Church was followed by the opening of the convention proper in Tremont Temple, the delegates being called to order by Lillian M. Stevens of Portland, Me., vice-president-at-large of the World's W.C.T.U.

The president, Lady Henry Somerset, being detained at home by illness, Mrs. Stevens will preside throughout the convention.

Mrs. Stevens read a letter of greeting from Lady Henry Somerset of England, president of the World's W.C.T.U. It was in part as follows:

"To protect the home, to banish the saloon, to shelter the weak and to preserve the strong—these are your intentions in your warfare against the liquor traffic. And there is another motive power. It is the fulfilling of the will of God, which gives the great impetus to your work, the fulfilling of His will as well in the legislative history of nations as in individual lives."

"Nothing we have today is more destructive to the well-being of our people than the organized liquor traffic. Nothing makes it harder for men and women to fulfill the destiny for which God creates them; nothing undermines principles, saps vitality, wastes resources and devastates homes more than the drink habit, which is the fatal heritage of nearly the whole civilized world."

"In your convention, many subjects may arise over which you may differ in detail, but I pray, my dear friends, that the power of the Spirit of God may be in your midst. May there be in your midst a deep sense of that power, may the golden light of Christ be around you, as an anointing, and may hand clasp hand in that loyal comradeship which gives strength, and may this convention draw you closer to the 'Union.'"

It was voted to send a cablegram of appreciation to Lady Somerset. Mrs. Stevens announced that the representatives of the W.C.T.U. in different countries had presented to Lady Somerset a bell to be placed in the chapel at London where she worships.

The report of Mrs. Agnes E. Slack, honorary secretary of the World's W.C.T.U., was presented. It showed that gains had been made nearly everywhere in number of members and activity. The greatest proportional gain has been made in Sweden, where membership of 191 three years ago has been raised to 2348.

The following resolution, introduced by Miss Anna A. Gordon, one of the honorary secretaries of the World's W.C.T.U., was unanimously adopted:

"Resolved, that we appeal to the President and the Secretary of State in view of the third conference of nations now in session at Brussels for the further restriction of the sale of intoxicants to uncivilized nations, to renew the suggestions made by the President of the United States and the late Secretary of State John Hay, that Great Britain shall withdraw the United States in presenting to the other nations, a treaty to forbid the sale of opium and intoxicating liquors to uncivilized nations."

It was voted to send a cablegram embodying this resolution to Wilbur F. Crafts of Washington, D.C., head of the International Reform Bureau, who is now in attendance at the Brussels conference.

The convention then adjourned until tomorrow.

ISLAND PARK AN ISSUE.

KANSAS CITY (Mo.) Oct. 18.—Attorney Herbert E. Hadley of Missouri

counted until December 13. That day the holders of proxies and the policyholders who wish to cast their ballots in person will vote. Most of the votes for the administration tickets will be in the hands of the policyholders of the two companies who begin today to collect. The policyholders' committees do not want the proxies.

NATIONAL ASSOCIATION MEET.

AGENTS DISCUSS BUSINESS.

(BY THE ASSOCIATED PRESS—A.M.) INDIANAPOLIS (Ind.) Oct. 18.—The eleventh annual convention of the National Association of Local Fire Insurance Agents met here today. Senator Beveridge addressed the assembly this afternoon, taking for his text "The Relation of Congress to Fire Insurance." He took a decided stand for Federal regulation of all insurance companies, life, fire and marine.

J. R. Scroggins of the International Policyholders' Committee sent a telegram to State Superintendent of Insurance Foley declaring that many complaints have been received from the Southern and Western States that the National Association of Fire Insurance Companies are making the annual statement with the names of the policyholders. The telegram also charges that the New York Life Insurance Company is violating the New York insurance laws in other ways.

O. H. Woodworth of St. Louis introduced a resolution which favors a uniform commission of 15 per cent. flat and 15 per cent. contingent on all policies issued by the policyholders' country. The resolution favored the elimination of the salaried agent and was written on a wall paper with general approval, and was sent to the Resolutions Committee.

After the Joe Walker shooting last night, last month, Gov. Folk took action to have the ownership of the island determined.

CRIME BRIEFS.

Banker is Acquitted.

IDA GROVE (Iowa) Oct. 18.—Oscar Berger, accused of fraudulent banking, was acquitted today. The jury was out eighteen hours.

Kills Mother's Admirer.

CHICAGO, Oct. 18.—The attention which Charles Sullivan, 25 years of age, a cigar maker, paid to his landlady, Mrs. Laura Klein, 45 years of age, resulted in his being shot and killed by John Klein, 21 years of age, the landlady's son, according to the police. Mrs. Klein, it is said, gave her son the revolver from which the shot was fired. Klein was arrested.

Shoots His Sleeping Son.

CHICAGO, Oct. 18.—Bernard Ciohr, a Russian laborer, today shot and fatally wounded his son, 21 years old, and then committed suicide by swallowing carbolic acid. The son had prevented Ciohr from killing his mother, and the father, enraged at this, entered his son's room while the latter lay asleep and shot him twice in the back.

Seek Writ of Error.

WASHINGTON, Oct. 18.—Attorneys for Mrs. Aggie Meyers, under sentence of death in Missouri, today applied to Justice Brewer of the Supreme Court of the United States for a writ of error. The Supreme Court of Missouri having recently denied the woman's application for a writ of error to the Federal Supreme Court, a decision was given by Justice Brewer.

Bank Robbers Shot.

AUX VASSE (Mo.) Oct. 18.—Paris Bartley, cashier, and F. C. Stokes, assistant cashier, surprised two robbers at work in the Aux Vasse State Bank here today and opened fire upon them with shotguns. Bartley and Stokes fired thirty shots. The robbers, after firing fifteen revolver shots in return, escaped on horseback, getting away with \$20 in cash. One of the robbers was wounded, leaving a trail of blood behind.
